

ELECTIVE NAME:

Pediatric Neurology

COURSE NO:

PHD 601

PREREQUISITE:

Required Pediatric Clerkship

INSTITUTION:

Helen DeVos Children's Hospital

FACULTY:

Drs. K. Chillag, S. DeRoos, D O'Donnell, S. Stein

OBJECTIVES:

Upon completion of this clerkship, the student should:

- Be able to perform a reasonably complete pediatric neurological examination for each age group.
- Be familiar with common anticonvulsant therapies.
- Be familiar with the evaluation of seizures in children.

DESCRIPTION:

This clerkship includes both inpatient and outpatient consultation on a wide variety of pediatric neurologic disorders. Students participate in department conferences and may request to become involved in ongoing research projects (requests for participation in research should be discussed with the faculty prior to the rotation).

Inpatient: 60%; Outpatient: 40%.

EVALUATION:

Students will be evaluated on quality of presentations, Clinical performance, and application of knowledge. Preceptor(s) will be asked to submit a written evaluation at the conclusion of the clerkship.

Faculty are encouraged to provide ongoing feedback throughout elective rotations.
